

International scientific symposium “SOLAR ENERGY – ENERGY OF THE FUTURE”

19-21 May 2021, Minsk, Belarus

The Symposium will take place in the building of Stepanov Institute of Physics: 68 Nezavisimosti av., Minsk, Belarus.

Working languages of the Symposium are **Russian and English**.

SYMPOSIUM TOPICS

- prospective materials, constructions and technologies of solar cells
- modern methods of investigations and parameterization of solar cells
- efficiency of solar cells depending of the environmental conditions and optimization methods of the effective photoconversion
- solar modules, electronic components and other peripheral components for the solar power plants
- applications of solar cells

Plenary, oral and poster reports will be scheduled for every section. Additionally, panel discussion is planned, which will be devoted to the ways of a development of the solar energy, possibilities of collaboration and a development of the fabrication of electronic components and solar power plants in Belarus.

SCHEDULE

- 19 May – arrival of participants to Minsk, registration
- 20 May – symposium opening; plenary, section, and poster reports
- 21 May – section reports, symposium closing

IMPORTANT DATES

For the participation in the symposium, it is necessary to send the registration form (placed on the [web site](#)) and the 1 page abstract (template placed on the [web site](#)) to the symposium e-mail (conf@oelt.basnet.by) before **26 March 2021**.

The symposium program will be published on the web site till **30 April 2021**. The book of abstracts and the symposium program will be provided to participants at the registration. The book of papers presented will be published after the symposium.

REGISTRATION FEE

The registration fee of the symposium includes the payment of expenses on symposium organization, package of the participant, containing the

symposium program and book of abstracts, coffee-brakes, welcome party and the excursion in Minsk. The registration fee is 120 US dollars, 7200 Russian rubles, or 240 Belarusian rubles.

For graduate students and students, the registration fee is 50% of the specified amount if there is a supporting document about studying at graduate school or a higher educational institution.

The registration fee should be transferred before the symposium to the bank accounts indicated on the [web site](#). Payment of the registration fee during the symposium is possible only in cash with the Belarusian rubles.

ACCOMODATION

Booking of the hotel rooms should be carried out by the Symposium participants themselves, using corresponding web sites, such as [booking.com](#). Stepanov Institute of Physics is placed near the “Academia Nauk” underground station.

SYMPOSIUM ORGANIZERS

- SSPA “Optics, Optoelectronics and Laser Technology”, Minsk Belarus
- Ioffe Physical-Technical Institute, Saint-Petersburg, Russia
- Krzhizhanovsky Energy Institute, Moscow, Russia
- Stepanov Institute of Physics, Minsk, Belarus
- INTEGRAL, JSC., Minsk, Belarus
- PLANAR, JSC., Minsk, Belarus
- Minsk Research Institute of Radio-Materials, JSC., Minsk, Belarus
- Belarusian State University, Minsk, Belarus
- Belarusian National Technical University, Minsk, Belarus
- Belarusian State University of Informatics and Radioelectronics, Minsk, Belarus

CONTACTS

- Chairman of the Symposium: Prof. Vladimir Gusakov
 - Chairman of the Program Committee: Dr. Nikolai Kazak
 - Deputy Chairman of the Program Committee: Dr. Valeri Zalesski
 - Chairman of the Organization Committee: Dr. Vasilii Mashko
 - Scientific Secretary of the Symposium: Victoria Malyutina-Bronskaya
- Phone: +375-17-2573222
Fax: +375-17-3563229
E-mail: conf@oelt.basnet.by
